

# LINK.

Professional Roaster

# Features

- LINK App Integration: Utilize density metrics to select the perfect roast profile on the go. Makes custom roasting accessible and straightforward.
- Dosing Cup and Coffee Tray: Accurate measurements and a dedicated space for beans mean consistent roasts every time. No more guesswork, just great coffee.
- Advanced Temperature Application: Starts each roast at ambient room temperature for even results. Experience flavors in your coffee you've never tasted before.
- Fan Speed Calibration: Adapts to your elevation for a perfect roast regardless of location. Enjoy consistent quality, mountain high or valley low.
- Real-Time Roasting Monitor with Link Studio: Oversee your roasting process with over 205 core profiles. Tailor your roasting to perfection and replicate it every time.
- Precision Roasting: Enables a more even roast and lower CO<sub>2</sub> levels. Taste the full potential of your coffee, sooner.

## Specifications

## US Metrics

Overall Dimensions (W x L x H).
