About Budan:

BUDAN, inspired by Baba Budan, offers businesses and coffee lovers professional-grade coffee machines, equipment, and accessories. Budan M50 is a powerhouse of versatility and performance. They are designed to meet the diverse needs of small restaurants, bakeries and offices.

Welcome to the world of remarkable coffee brewing!

Budan M50 delivers multiple coffee options consistently for small offices, restaurants, and bakeries.

Office: Budan M50's small size, rapid brewing time, ease of use, and reliable quality, the Budan M50 automatic coffee maker is perfect for an office setting, providing efficiency and convenience for hectic work environments.

Restaurant: With its practical brewing, simplicity of use, and reliable quality, the Budan M50 automatic coffee maker is ideal for small restaurants since it provides excellent coffee service without taking up a lot of room.

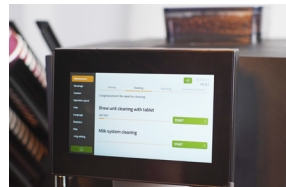

Bakeries: The Budan M50's rapid brewing time, user-friendliness, and reliable quality guarantee prompt service and happy customers.

The Budan M50 has noteworthy characteristics found in high-end automatic machines.

Premium Grade Steam Wand: An exceptional feature of this budget machine is the premium-grade steam wand. The steam wand helps to add extra creaminess and foam to your coffee. Also, a quick whirl of steam will make your coffee extra hot!

IoT Integration: The machine provides contactless dispensing through its IoT feature, which enhances hygiene and reduces touchpoints. This feature also generates data on coffee consumption patterns, allowing you to optimise inventory management and understand customer preferences.

The Budan M50 delivers a premium coffee experience

Features and Innovations:

ADVANCED BREWING TECHNOLOGY

15-Bar Pump Pressure: Ensures optimal extraction for rich, full-bodied espresso with a perfect crema.

THERMOBLOCK HEATING SYSTEM

Fast Heat-Up Time: Ensures the machine is ready to brew within seconds, perfect for busy mornings.

PROGRAMMABLE SETTINGS

Customizable Beverage Options: Program and save your preferred espresso, cappuccino, and more settings.

ENERGY-SAVING MODE

Auto Shut-Off: The machine powers down after inactivity, conserving energy and enhancing safety.

ONE-TOUCH OPERATION

User-Friendly Interface: Simple touch buttons for easy and quick operation, perfect for beginners and seasoned baristas.

ADJUSTABLE SPOUT HEIGHT

Versatile Cup Sizes: Accommodates sizes from small espresso cups to larger mugs.

INTEGRATED MILK FROTHER

Automatic Milk Frothing: Built-in frother for creating creamy, velvety milk foam for cappuccinos and lattes.

QUIET OPERATION

Low Noise Levels: Engineered for quiet performance, allowing you to enjoy your coffee without disturbing others.

HIGH-CAPACITY WATER RESERVOIR

4-Liter Tank: Large water tank for making multiple cups of coffee without frequent refilling, and it's removable for easy cleaning.

EASY MAINTENANCE

-Self-Cleaning Function: Automatic cleaning cycle for the brewing unit and milk system to keep the machine in optimal condition with minimal effort.

COMPACT AND STYLISH DESIGN

-Modern Aesthetics: Sleek, compact design that fits seamlessly into any kitchen or office space without taking up too much counter space.

-Premium Finish: High-quality materials and finishes.

-Removable Drip Tray and Brew Group: Facilitates easy cleaning and maintenance.
