

# PREMIUM BWT bestmin

## The Mineraliser

### PERFECT MINERALISED WATER FOR CATERING

BWT bestmin PREMIUM is a filter system for optimising low-mineral water in order to make sensorily perfect coffee, coffee specialities or tea. The modular multi-stage filter removes undesirable ingredients such as particles, flavourings and odours such as chlorine. Thanks to its mineralisation level, this filter refines low-mineral raw water into a gourmet water that, in addition to calcium, contains valuable magnesium as a flavour carrier. BWT bestmin PREMIUM is therefore eminently suitable for [re]mineralising water in a controlled and reproducible manner that is low in minerals either naturally or following processing by means of reverse osmosis. The BWT bestmin PREMIUM filter system consists of a filter cartridge with a screwed on BWT besthead filter head. Check valves in the filter head prevent backflow and uncontrolled water discharge. Food grade BWT bestmin PREMIUM filter systems are pressure-resistant and safe. They can be used worldwide in all drinking water systems and with any coffee or vending machine.

## TECHNICAL DATA

Filter size	M
Typical capacity in litres	10,000
Height without handle (B) in mm	475
Height with handle (A) in mm	500
Connection height (C) in mm	425
Ø filter cartridge (D) in mm	130
Weight in kg, (dry/wet)	4.1/5.6
Order no. for filter cartridge	FS24M10A00

Subject to change.

## BWT BESTMIN PREMIUM – THE MINERALISER

### Main advantages

- Special filter system for remineralising practically salt-free water
- Ideal in combination with the BWT bestaqua ROC MIN system for heavily salty and chlorinated raw water
- Produces an even mineral balance in the water to the benefit of magnesium
- Supplies perfect water for making sensorily high-quality hot beverages
- Ideal for soft water areas as well

### Technical features

- Multistage filtration
- Integrated active carbon filtration
- Filtration of the complete processed water
- Simplest handling when changing filters
- Easy to install using universal BWT besthead FLEX connection system
