

Budon

**HIGH EFFICIENCY
EASY OPERATION**

BUDAN M300

The Budan M300 represents the pinnacle of professional coffee extraction—delivering exceptional quality, efficiency, and versatility. Engineered with meticulous attention to detail, it ensures optimal extraction for a rich, full-bodied coffee experience every time.

Its dual-system design guarantees both consistency and speed, enabling quick delivery of premium beverages without compromising taste. With a wide range of flavor profiles and customizable options, the Budan M300 adapts effortlessly to diverse preferences, making it the perfect choice for discerning coffee lovers and high-demand environments alike.

- **1 Grinder + 2 Powder System**

The Budan M300 features a generous 1.5kg bean hopper and dual powder compartments, allowing it to deliver an extensive variety of beverage options.

- **Premium Brewing**

Budan M300 features a P20 brewer with a capacity up to 20g chamber for optimal flavor extraction, making every cup exceptional.

- **Easy Cleaning**

Budan M300 features a design that simplifies maintenance, with detachable components and auto-cleaning options, ensuring hassle-free upkeep.

- **Dual Heaters and Dual Pumps**

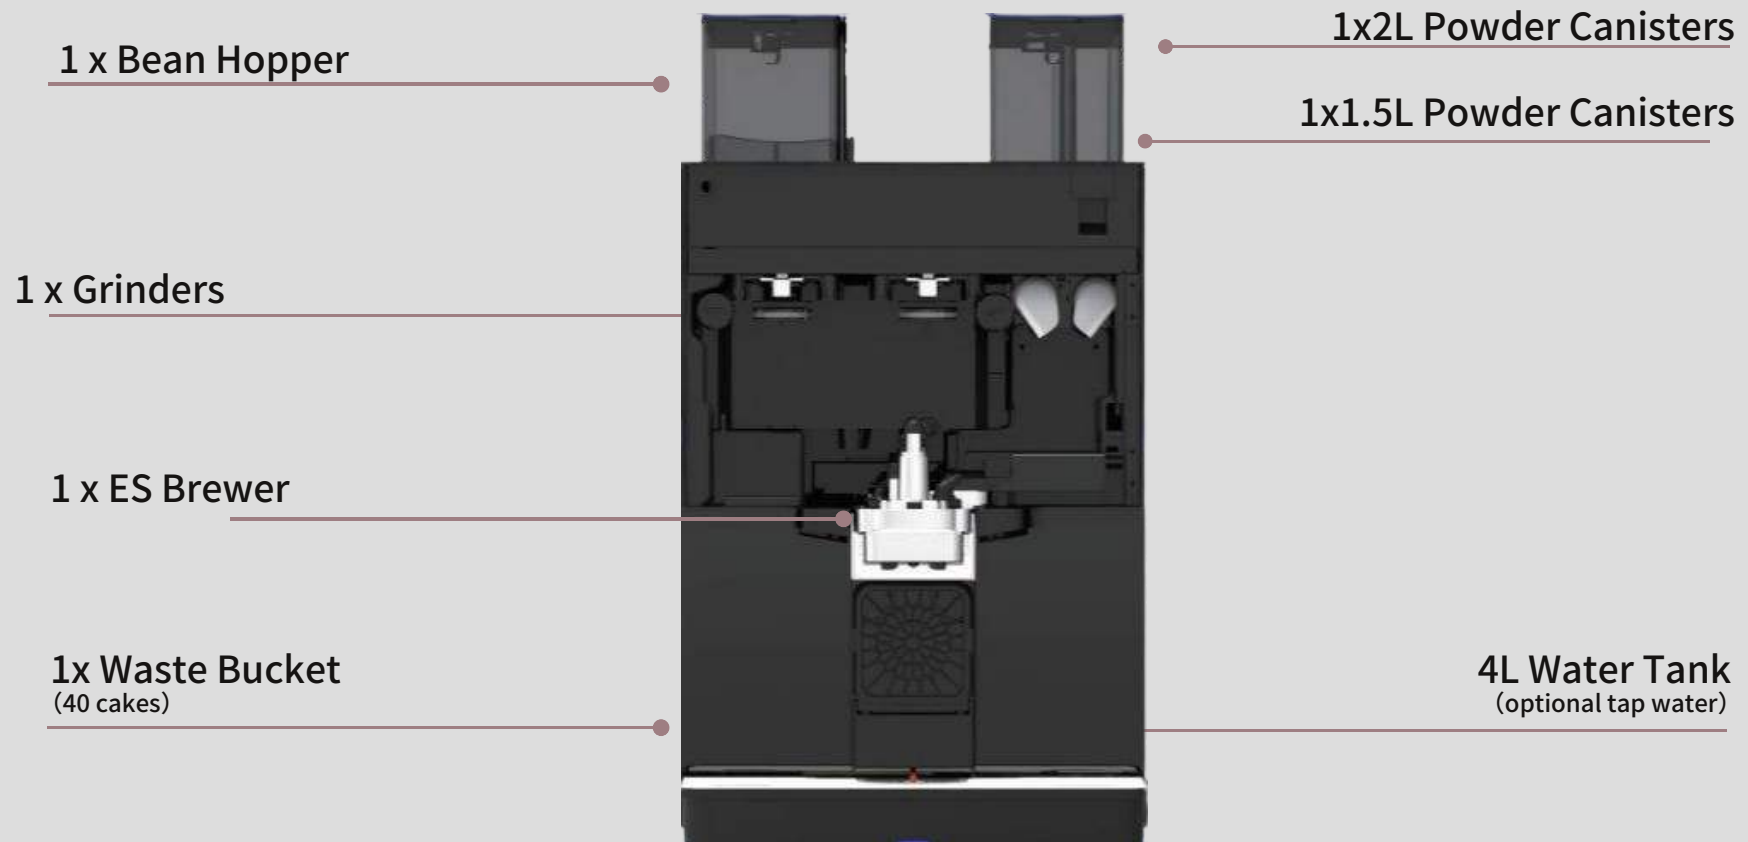

The Budan M300 boasts dual thermoblock and pumps, ensuring swift and simultaneous coffee brewing and milk steaming. This setup maintains a stable temperature for optimal flavor extraction while enhancing efficiency—ideal for those seeking cafe-quality drinks in business or commercial settings.

Exceptional Quality Derives from Profession

Exceptional Quality Derives from Profession

Multiple Options of Cleaning

Start-up Cleaning

The machine will automatically perform a full machine cleaning every time it is powered on.

Timed Cleaning

Schedule a time and the machine will conduct an auto full-machine cleaning.

Milk System Cleaning

Schedule a time and the milk system auto cleans, removing the milk residue.

Partial Cleaning

Choose to separately clean key modules.

Deep Cleaning

Uses exclusive cleaners to deeply clean coffee and milk residue.
